

Associate Veterinarian (DVM)

Are you stuck in the grind of a high-volume hospital but want to establish roots at a place you can call “home”? Do you yearn for a healthy culture with a team that truly likes each other and respects the DVM? ** Are you a recent veterinary graduate or nearing the end of your education?

We have the opportunity of a lifetime for the right person! Whether you are nearing the end of your education or you have over twenty years of experience, this is the perfect chance for someone who wants practice ownership but doesn't want to take the huge step all at once. Our modern facility offers comprehensive services and provides the highest level of individualized care.

The organizational structure includes a practice manager, highly skilled staff and experts who handle human resources, marketing and website leaving room for our veterinarians to do what they love the most - practice exceptional medicine! The owner/vet has built something very special in Covington.

To be considered for this position, submit a copy of your resume using the form below. Don't miss your opportunity to join this incredible team today!

Team members enjoy benefits including paid time off, paid holidays, continuing education assistance, uniform allowances, pet care discounts, and retirement plan following a waiting period. At this time, medical and dental insurance is unavailable.

Opportunities like this don't come along often. **APPLY TODAY!!**
